

Job posting | permanent employment | fulltime | f/m/d

# Regulatory Affairs Manager

Are you looking for an exciting challenge in a scientific environment? Do you want to contribute your strengths and visions to an innovative company in the future-oriented biotechnology sector? Are you looking for a top team with a strong sense of team spirit?

c-LEcta is looking for a talented Regulatory Affairs professional to strengthen its international regulatory activities. You will be mainly responsible for regulatory submissions related to the food market, both in the EU and in third countries. In addition, you will support global regulatory activities in other business areas. This highly varied role comes along with excellent career opportunities. You will be actively supported by an experienced team in a friendly working atmosphere.

## Key responsibilities

- Preparation and submission of regulatory dossiers for food enzymes and food ingredients acc. to applicable guidelines and regulations in the EU and US
- Communication with regulatory authorities along the approval processes
- Monitoring of emergent regulatory requirements (EU and non-EU) and assessment of their impact on the company's regulatory strategies
- Coordination of regulatory projects in cooperation with the internal stakeholders (quality, R&D, business development, legal)

## Required Skills

- Advanced degree in (molecular) biology, biotechnology, biochemistry, or comparable education and experience
- Understanding of the science and technology of the company's products as well as of the process flow involved in new product development
- Working knowledge of regulatory affairs for food or feed enzymes / food or feed additives / novel foods, with experience in international regulatory submissions
- Knowledge of the regulatory framework in the US and/or other regions is a plus
- Excellent technical written skills (English)
- Strong ability to communicate with stakeholders in different areas and levels
- Able to manage multiple projects with different priorities and timelines

## We offer

excellent career opportunities within the c-LEcta team. You will be actively supported by an experienced and dynamic team in a friendly working atmosphere.

In addition to attractive remuneration and flexible working hours, we provide a modern workplace with good transport links and attractive employer benefits..
